Terrence and fellow friends in the fight against cancer,

Thank you so much for joining us on Friday, May 15th, at Relay For Life of Grant County, KY! The children and others in attendance truly appreciated your talent and youthful enthusiasm throughout the night.

Thanks to talented organizations like yours, we are able to make Relay For Life an annual success each and every year. Your involvement brings forth excitement allowing for the entire community to have fun while fundraising. It is our hope that we can continue to have Wump Muckets join us each year!

We sincerely thank you for your generous support!

Until we finish the fight,

Alex Carson
Senior Manager, Relay For Life
American Cancer Society, Mid-South Division
